

## DAVE BEEGLE - RECENT NEWS - OCTOBER 2003

Dave Beegle was invited by Ian Anderson to join him on The Rubbing Elbows tour while in Colorado. Dave played with Ian at The Lincoln Center in Fort Collins and the Boulder Theater in Boulder. Both shows were sold out and the performances were very memorable. They played the Dave Beegle song 'Ecstatico' from the new Beyond The Desert CD in which Dave and Ian jammed for about 3 minutes longer than the recorded version. It was quite impressive.

"Many thanks for the collection of CDs which arrived while I was in the USA on tour. I enjoyed your work immensely - especially the new record. Great to hear someone bringing together so many varied influences and with such precise and fluid execution."
